

## **Practicalities of pastoral care – audio transcript**

Speaker 1

We're fortunate, fortunate enough in our church to be able to deliver pastoral care to our members by visiting the members and adherents with our bi monthly church newsletter, and also to visit more regularly if somebody is ill and deliver flowers to them. During the pandemic each of the Elders would phone around their districts every two weeks to maintain regular contact. We try to make sure that everyone gets a warm welcome every week and especially make ourselves known to anyone new who comes to worship with us and to make them feel comfortable.
